Welcome to Auvance

Hi [Client First Name],

Thank you for choosing Auvance to build [Project / business name]. This document is your map for what happens next — so you always know where we are and what I need from you.

How we'll work together

Step	What happens
1. Agreement & deposit	You sign the agreement (next page) and pay the 50% deposit. Nothing starts until both are done.
2. Kickoff	A short call to align on goals, pages, and the content I'll need from you.
3. Design & build	I design and build in ~3 weeks. You see and approve each stage — up to 2 revision rounds.
4. Launch	Final 50% is paid, then your site goes live on your own domain — fully yours.
5. Aftercare	Optional care plan for hosting, edits & a monthly report. I'm one text away.

WHAT I'LL NEED FROM YOU

Your logo & brand assets (if any), text/photos for each page, and access to your domain or Google Business Profile. I'll send a simple checklist at kickoff — the faster these arrive, the faster you launch.

Web Design Services Agreement

This Agreement is between **Auvance** (“the Studio”), operated by [your legal name] of Vancouver, BC, and [Client legal / business name] (“the Client”).

Commence on: [date] Target launch: [date]

1. Agreement

This document is the entire understanding between the Studio and the Client and supersedes prior discussions. It may only be changed in writing, signed by both parties. If any part is found unenforceable, the rest remains in force.

2. Services & Deliverables

The Studio will design and build a custom website for the Client as follows (“The Launch Site”):

- Custom, mobile-first website of up to [5] pages: [Home, About, Services, ...]
- Responsive build in modern web tooling; basic on-page SEO and Google Business Profile setup
- Add-ons selected: [copywriting / extra pages / store / none]

3. Timeline

Estimated delivery is approximately three (3) weeks from kickoff, provided the Client supplies content and feedback promptly. Delays in Client materials or approvals extend the timeline accordingly.

4. Payment

Total project fee: [\$1,500] (CAD). Paid in two parts:

- **50% deposit** ([\$750]) due on signing — work begins only once received.
- **50% balance** ([\$750]) due on approval, before the site is published or files transferred.
- Optional care plan: [\$75]/month, billed on the 1st, starting after launch.

Payments are made via [Stripe / e-transfer]. Late balances may pause work and delay launch.

5. Revisions

The fee includes **two (2) rounds of revisions** at the design stage. A “round” is one consolidated set of written changes. Further rounds or changes outside the agreed scope are billed at [\$60]/hour, quoted before any work.

6. Client Responsibilities

- Provide content (text, images, logo) and timely feedback/approvals
- Provide access to domain, hosting or Google Business Profile as needed
- Ensure the Client owns or is licensed to use all materials supplied to the Studio
- Pay all invoices on time

7. Ownership & Intellectual Property

On **full payment**, ownership of the final website (code, design, and content created for the Client) transfers to the Client, who may use it without limitation. Until full payment, all work remains the property of the Studio. The Studio may showcase the completed work in its portfolio and marketing

unless the Client requests otherwise in writing. The Studio retains the right to reuse its own underlying tools, components, and techniques.

8. Hosting, Domain & Backups

The site is deployed to the Client's own hosting/domain so the Client retains full ownership and control. Unless a care plan is active, ongoing hosting, updates, and backups are the Client's responsibility after handover.

9. Confidentiality

Both parties agree to keep confidential any proprietary or sensitive information shared during the project.

10. Term & Termination

This Agreement is effective once signed and continues until the site is delivered and paid in full. Either party may terminate with written notice; the Client remains responsible for fees for work already performed, and the deposit is non-refundable once work has begun.

11. Warranty & Liability

The Studio delivers the site in good working order. Nothing on the site or in case studies is a guarantee of specific business results. To the extent permitted by law, the Studio's liability is limited to the fees paid.

12. Governing Law

This Agreement is governed by the laws of British Columbia and the applicable laws of Canada.

Thank You & Testimonial Request

Hi [\[Client First Name\]](#),

Your site is live — thank you for trusting Auvance to build it. It's been a pleasure, and I'm one message away whenever you need a change.

One small favour

Could you answer just one question (a sentence is perfect)? It helps me enormously, and only the first is required:

- **How would you describe working with Auvance, in one sentence?** (required)
- What did you like most about the final site?
- Would you recommend Auvance — and is there anyone you'd introduce me to?

THE TRADE (for founding / free builds)

As a founding client, the “payment” is three things: a short testimonial, permission to feature your site in my portfolio, and 2 introductions to other local owners who could use a site. Reply here or use [\[testimonial form link\]](#).

With thanks,
[\[your name\]](#) — Auvance
